Jayne,

Do you have the most recent iteration of the comment-response document in whatever draft version or form it is in?

This is the one that Alison started and referred to as the "roll up comments" document, which was what she sent around for review for comments on format. [I think she started with one of the "general" comments, but it was initially only one or two comments.]

Thanks,

Steve

- Updates & Status, Schedule Revisited
- NWEA Update: How much detail to include?
- Follow up from Sept 4 Managers' Call, Action Items Review & Prep for Sept 10th Managers Call
- Forestry/Roads
- Action Items/Next Steps

Draft Agenda for September 10th meeting (60 minutes)

- Introductions/Agenda Review/Decisions from Mgrs Only Meeting/Highlight Key Action Items from Sept 4th meeting
- Forestry/roads
- Forestry/landslides rationale and update & Forestry/Pesticides revisited—questions answered and information needed in order to elevate (Alan)
- Action Items/Next Steps

Action Items

- Allison will provide the managers with OR's conditional approval findings doc on the add MM for forestry condition and rationale language. *Completed, see Sept 4th email.*
- Jenny will provide the managers with the riparian rule analysis including the discussion on Paired Watershed Studies and Ripstream analysis. *Completed, see Sept 4th email.*

- Tech Team will provide talking points on Forestry/Riparian.
- Tech/Legal teams review draft NWEA bimonthly report by COB Sept 12 (see email dated 9/8 from Jayne).
- Managers Team will let Tech/Legal Teams know of any decisions made during the Sept 4th Managers Team meeting. Tech Team will revise issue papers/rationales/talking points to reflect any decisions made during that meeting.
- The Forestry/Pesticides team will look into notification requirements in neighboring states; what makes Oregon unique or different; the scientific basis or record to support why FIFRA label compliance would not be considered sufficient to provide adequate protection of type N non-fish bearing streams from aerial application of herbicides; whether Oregon Toxics standard is relevant to addressing this condition; and the exact wording of this condition from the 1988 findings, focusing on whether it directly references buffers (*it does*). *Will be discussed during September 10th meeting*
- All will review the Ag MM paper to better prepare for the Sept 4th call (*postponed until late September*).
- Managerial and legal teams will complete the review of the rationales for interim approval for OSDS and New Development MMs and provide comments to Don Waye by August 29. *Still waiting for comments from some managers and attorneys.*
- Managerial and legal teams will complete the review of the interim disapproval rationale based on Forestry/Riparian, as well as the issue paper, and provide comments to Alan Henning by prior to Sept 10th call.
- As part of issue paper/talking points, the Tech/Legal team will include information on opposition's major comments/possible arguments and the federal agencies' responses, as appropriate.
- **Ex. 5 - Attorney Client**
- Forestry/landslides team will provide the following information to the managerial team in the form of talking points: comparison to how Washington addresses high risk landslides' potential impact to water quality in forested areas; EPA/NOAA expectations and suggestions on how Oregon can address this additional MM; whether we have the data to identify landslide prone areas and nearby receiving waters. *Will be discussed on Sept 10th call.*
